The next event/presentation should be "how does Mansfield's bullying prevention compare to Mr. Halligan's suggestions"

Maybe show what our kids will be shown

Copies of slides

Handouts

continue this presentation in future years. I have both 4th and 6th graders and would want both to see this.

continue with similar issues

every parent should attend, very helpful

collaborate with nearby towns

more time for Q&A

this needs to be addressed at Jordan Jackson

MHS or QMS staff should ID local resources and how parents can report and interact with school staff regarding a concern

sexting, drugs, alcohol

this should be packaged for elementary aged kids. Bullying starts much earlier than middle school

like to attend with children

any events that help us to help our kids!

social media education

cutting by teens

technology and bullying, drugs and alcohol for teens, Joanie Geltman (she's awesome)

I think that the parents should continue to be informed about the presentation given to their students and also give their approval

please continue this to help everyone
